

Wilsonart® HD® Sinks

Complement your countertop with a Wilsonart® HD® Integrated Sink. The look is sophisticated and luxurious. Our full line of HD® Sinks are made from 100% acrylic and are available as single, double equal, offset and vanity. Each features seamless construction for great looks and easy maintenance, and is deeper than many stainless steel or cast iron sinks. Our sinks are chemically-bonded to laminate or solid surface countertops creating a smooth, one-piece look from countertop to sink. All are renewable and are backed by a ten-year limited warranty.

Integrated

Wilsonart® Solid Surface® Sinks

Our full line of Solid Surface double and single bowl sinks, bar sinks, and vanity bowls features seamless construction for great looks and easy maintenance. The best thing of all: with Solid Surface there are no grout lines, lips or recesses to collect bacteria and mold. All the sinks shown here are renewable and have received GREENGUARD® Indoor Air Quality certification, just like the Wilsonart Solid Surface countertops they complement.

* Can be used with Wilsonart® Sink Ring for under mounting to laminate. Please see other side for more information.

Wilsonart® Sink Ring System

Wilsonart® Sink Rings are made from renewable, acrylic solid surface material and are designed specifically for use with Durasteel® Sinks and Wilsonart® Laminate countertops.

Wilsonart Sink Rings give your customer the integrated look of more expensive materials without the challenges that existing systems present: No more sharp edges. No more high impact areas.

Fabrication is easy as 1, 2, 3
